**A MESSAGE FROM THE HONOURABLE RAYMOND CHO
MINISTER FOR SENIORS AND ACCESSIBILITY**

***Official Opening – Seniors Fair
County of Haliburton Seniors Active Living Centre***

As Minister for Seniors and Accessibility, I am delighted to extend my congratulations and warmest greetings to everyone attending today's Official Opening and Seniors Fair for the new County of Haliburton Seniors Active Living Centre.

I am thrilled to welcome the County of Haliburton community to our growing family of Seniors Active Living Centres in Ontario. We know that social isolation is public enemy #1 for seniors, and initiatives like the new centre in Haliburton help to encourage active living and enable greater participation in community life.

Seniors in Ontario have made enormous contributions to our province by working to build, strengthen and enrich our communities. That's why our government continues to provide support through the expansion of our Seniors Active Living Centres program to more communities. Healthy aging means helping more seniors stay engaged and socially connected across the province.

I would also like to acknowledge the hard work and dedication of the County of Haliburton community in making the new Seniors Active Living Centre a reality. Innovative community involvement is crucial to enabling seniors to age with the dignity, respect and compassion necessary to live safe and healthy lives.

Thank you to all those involved in organizing today's Official Opening and Seniors Fair and to all the volunteers and participants. I look forward to watching the new County of Haliburton centre develop and thrive in the years to come.

Once again, my heart-felt congratulations and best wishes for a wonderful opening event.

Sincerely,

Honourable Raymond Cho
Minister for Seniors and Accessibility
