Message from the Detachment Commander

I am pleased to present the Haliburton Highlands Detachment - 2025 Detachment Board Annual Report. This report includes crime, traffic enforcement and community well-being data, and highlights initiatives and successes from the past year. 2025 was the last year of the 2023-2025 Haliburton Highlands Detachment Action Plan and this report will provide a final update and progress results from that plan.

I am proud of the dedication, professionalism and work undertaken by our members throughout 2025.

Online fraud incidents continued to challenge residents across Haliburton County. In response, we expanded our outreach efforts with targeted education sessions and in-person presentations, helping individuals recognize emerging fraud tactics and protect themselves. As criminal methods evolve, our collaboration with community partners remains vital in identifying trends, supporting victims and preventing future offences.

Traffic safety remained a key priority. By focusing enforcement and education on the “Big Four” offences, speeding, impaired driving, distracted driving and lack of seatbelt use, we continued to reduce collision rates and enhance road safety across the region.

Throughout 2025, we advanced and expanded our use of new technologies introduced in recent years. The integration of body-worn cameras, in-car cameras, and Automated Licence Plate Recognition (ALPR) has strengthened evidence collection, increased transparency and enhanced officer and public safety. We also successfully integrated new radio systems, improving communication reliability in Haliburton County’s challenging geography and supporting more effective and coordinated frontline response. These technological advances further support operational effectiveness and member safety.

We also continued our partnerships to support individuals experiencing mental health crises. Working with Haliburton Highlands Health Services and other community agencies, we advanced co-response approaches that reduced barriers to care and ensured people received timely, appropriate support.

As we close out the 2023–2025 Action Plan, I am encouraged by the progress made across all priority areas. This work has strengthened our community relationships, enhanced service delivery and positioned us for continued success.

In 2026, we will release our new 2026-2029 Haliburton Highlands Detachment Action Plan. This is the first action plan developed under the Community Safety and Policing Act (CSPA). We are working closely with our Haliburton Highlands Police Detachment Board and engaging with community members to ensure the needs of our communities are reflected in the commitments we make for the next four years. Development of the 2026-2029 Haliburton Highlands Detachment Action Plan will coincide with the creation of the 2026-2029 OPP Strategic Plan creating organizational alignment.

As we look ahead to emerging challenges and new opportunities in policing and community safety, our detachment members remain committed to our mission to serve our communities, protect our citizens, uphold the law, and preserve public safety.

Debra McClure
Detachment Commander
Haliburton Highlands

Summary of Commitments

Through analysis and consultation, the following areas of focus were identified for the years 2023-2025.

Crime	Roadways, Waterways and Trails	Community Well-Being
We are committed to reduce the harmful impact on our communities from the production and trafficking of opioids and other illicit drugs in Haliburton Highlands. We are committed to effective case management of all investigations with a goal of minimizing violent crime and to reduce victimization in our communities. We are committed to effective case management of all property crime investigations with a goal of minimizing harm and victimization within our communities.	To sustain a continuous and year-round focus on the causal factors of motorized vehicle collisions on our area roadways. To maintain an effective presence on our area All Terrain Vehicle (ATV) and Motorized Snow Vehicle (MSV) trails to manage the significant increase in recreational use of our trail system through out the year. To maintain an effective presence on our area waterways to manage the significant increase in recreational use of our lakes and rivers throughout the summer season. We are committed to enforcement, engagement and education efforts regarding the increasing presence of commercial motor vehicles (CMV) on our area roadways.	To seek out and identify efficiencies in integrated, collaborative response solutions in providing support to community members who are experiencing a mental health crisis. Re-establish the Haliburton County Tri-Services Committee. Seek out and identify members of the public who might be interested in a career in policing, both in regular uniform as well joining our detachment Auxiliary unit. Support and optimize the Haliburton Highlands Auxiliary Program for crime prevention and community engagement.

2025 Crime Progress Results

Commitment	Progress Results
We are committed to reduce the harmful impact on our communities from the production and trafficking of opioids and other illicit drugs in Haliburton Highlands.	We remain committed to reducing the harmful impact of opioid production and trafficking, as well as other illicit drugs, on communities throughout Haliburton Highlands. Throughout the reporting period, enforcement activity increased, with a focused effort on disrupting the illegal distribution of synthetic drugs and opioids. These efforts were supported through targeted investigations, intelligence-led enforcement and strong collaboration with partners including the Community Street Crime Unit (CSCU), regional and provincial policing partners and a range of external community partners. In addition to enforcement, we delivered targeted education sessions to increase community awareness, support early intervention and reduce the risks associated with drug use and trafficking. While the number of charges fluctuated from year to year due to shifting operational priorities, case complexity and emerging drug trends, the overall number of charges declined over the three-year period. This downward trend reflects the effectiveness of coordinated enforcement, community partnerships, education efforts and prevention-focused strategies in reducing drug-related harm across Haliburton County.
We are committed to effective case management of all investigations with a goal of minimizing violent crime and to reduce victimization in our communities.	We remain committed to effective case management to reduce violent crime and victimization in our communities. Through ongoing investment in member training, we have seen improved investigative response and strengthened support for victims. At the end of 2024, the OPP introduced the Detachment Abuse Issues Investigator (DAII) position, providing enhanced oversight of violent crime investigations. This role has improved case review, consistency in investigative practices and the identification of offences that may have previously gone unreported or under-classified. In 2025, violent crime increased by 32%, a change attributed in part to the DAII's enhanced investigative oversight, which resulted in more accurate reporting, better identification of offences and greater investigative scrutiny. This increase

	reflects improved detection and investigative rigor, not an erosion of community safety. These improvements have resulted in more robust investigations, better victim support and stronger overall case management.
We are committed to effective case management of all property crime investigations with a goal of minimizing harm and victimization within our communities.	We remain committed to effective case management of all property crime investigations with the goal of minimizing harm and reducing victimization within our communities. We took proactive steps to address property-related offences, including increased patrols and targeted awareness campaigns, particularly in remote areas where residents can be more vulnerable. We further strengthened community engagement by hosting town halls and other education sessions, providing residents with practical information on prevention, emerging trends and safety strategies. In addition, we leveraged the support of our OPP Auxiliary Unit to deliver the Safeguard Program, offering crime-prevention assessments and enhanced protection measures for those at risk. These combined efforts contributed to a consistent year-over-year decline in property crime across Haliburton County. In 2025 alone, incidents decreased by 8.5%, demonstrating the positive impact of prevention-focused initiatives, increased visibility and strong collaboration with the community. Our continued emphasis on education, outreach and early intervention remains essential to reducing property crime and supporting safer communities.

2025 Roadways, Waterways and Trails Progress Results

Commitment	Progress Results
To sustain a continuous and year-round focus on the causal factors of motorized vehicle collisions on our area roadways.	We remain committed to maintaining a continuous, year-round focus on the causal factors contributing to motorized vehicle collisions across our roadways. Members increased their engagement and enforcement efforts, prioritizing visibility, proactive traffic stops and education on high-risk driving behaviours. These sustained efforts have been a key contributing factor to the steady year-over-year decline in collisions within Haliburton County. In 2025 alone, collisions decreased by 18%, reflecting the positive impact of targeted enforcement, data-driven deployment and a consistent commitment to traffic safety. Our ongoing focus on reducing impaired, distracted and aggressive driving remains essential to ensuring safer roads for all community members.
To maintain an effective presence on our area All Terrain Vehicle (ATV) and Motorized Snow Vehicle (MSV) trails to manage the significant increase in recreational use of our trail system through out the year.	We remain committed to maintaining an effective and visible presence on our All-Terrain Vehicle (ATV) and Motorized Snow Vehicle (MSV) trails to support the significant year-round increase in recreational use. Our trail system has long been a destination for off-road and snow vehicle enthusiasts and ensuring a safe environment for all users continues to be a priority. Members worked closely with local clubs, community partners and specialized OPP units, including SAVE, to share important safety messaging and promote responsible riding practices. Even during periods when on-trail patrols were limited, officers maintained strong visibility through a consistent presence at trailheads, conducting RIDE initiatives and engaging directly with riders. These efforts contributed to year-over-year reductions in both ATV and MSV-related incidents, demonstrating the effectiveness of proactive education, visibility and targeted enforcement strategies. We will continue to strengthen partnerships, maintain proactive presence and support safe riding practices to ensure the trail system remains safe and enjoyable for all users.

To maintain an effective presence on our area waterways to manage the significant increase in recreational use of our lakes and rivers throughout the summer season.	We remain committed to maintaining an effective presence on our area waterways to support the significant increase in recreational use of our lakes and rivers throughout the summer season. Members conducted regular Marine Unit patrols and targeted enforcement initiatives, focusing on responding to reports of unsafe boating practices and ensuring that local waterways were used safely and responsibly by all. We worked closely with partners such as SAVE and neighbouring OPP detachments to enhance patrol coverage during peak periods and in high-traffic areas. In 2025, additional members received marine training, strengthening our capacity to support waterway safety and increasing our ability to respond effectively to calls for service. We also delivered education sessions and shared important safety messaging via social media with residents and visitors to promote responsible boating practices.
We are committed to enforcement, engagement and education efforts regarding the increasing presence of commercial motor vehicles (CMV) on our area roadways.	We remain committed to strong enforcement, engagement and education efforts in response to the increasing presence of CMVs on our area roadways. Throughout the reporting period, we addressed a rise in CMV-related complaints by providing members with enhanced training and additional tools to better identify violations and respond to community concerns. We worked collaboratively with key partners, including the Ministry of Transportation (MTO) and neighbouring OPP detachments, to strengthen our enforcement presence and increase our impact across shared transportation corridors. In 2025, several CMV blitzes were conducted with these partners, resulting in enhanced visibility, improved compliance and increased education for local commercial operators. These coordinated efforts contributed to a measurable reduction in collisions which contributed to improving roadway safety.

2025 Community Well-Being Progress Results

Commitment	Progress Results
To seek out and identify efficiencies in integrated, collaborative response solutions in providing support to community members who are experiencing a mental health crisis.	Haliburton Highlands Detachment, supported by the Crime Prevention Community Support Bureau (CPCSB), worked collaboratively with the Haliburton Highlands Health Centre to enhance supports for individuals experiencing a mental health crisis. Through a formal memorandum of understanding, our agencies strengthened coordination, clarified roles, and improved pathways to care for vulnerable community members. We also worked closely with the Community Safety and Well-Being (CSWB) Committee to ensure this initiative aligned with county-wide priorities and reflected a unified, multi-sector approach. In addition, we engaged with a broad range of partners across Haliburton County, further strengthening relationships and reinforcing an integrated response model for those experiencing a mental health crisis. This collective effort demonstrates our ongoing commitment to compassionate, timely, and effective support, and we remain dedicated to continuously improving the system to better meet the needs of our community.
Re-establish the Haliburton County Tri-Services Committee.	We are pleased to support the re-establishment of the Haliburton County Tri-Services Committee and are proud to be an active contributing partner. By bringing police, fire, and paramedic services back together in a coordinated forum, we strengthen communication, enhance interoperability, and ensure a unified approach to community safety. As a collective, we will work in concert to improve service delivery across every community in Haliburton County, reinforcing our shared commitment to collaboration, preparedness, and the well-being of all residents.
Seek out and identify members of the public who might be interested in a career in policing, both in regular uniform as well as joining our detachment Auxiliary Unit.	We remain committed to seeking out and identifying community members who may be interested in a career in policing, whether as Provincial Constables or as part of our valued Auxiliary Unit. Our detachment is fortunate to have a solid group of dedicated local Auxiliary members who consistently support and attend community events, strengthening our public engagement and enhancing visibility across Haliburton County.

	We continue to actively recruit for Provincial Constables and have been pleased to welcome several new recruits to the area, helping to grow our team and ensure ongoing service excellence. This year also saw the welcomed addition of a new Detachment Commander, further reinforcing our leadership and commitment to community-focused policing. Together, these efforts support recruitment, deepen community partnerships, and help ensure our detachment reflects the values and spirit of the communities we proudly serve.
Support and optimize the Haliburton Highlands Auxiliary Program for crime prevention and community engagement.	We continue to support and optimize the Haliburton Highlands Auxiliary Program, recognizing the essential role our auxiliary members play in crime prevention and community engagement. We are proud of our dedicated OPP Auxiliary Unit, whose members have been consistently active throughout the community, supporting front-line officers, promoting crime prevention initiatives, and assisting at a wide range of community functions. Their presence is felt at parades, Remembrance Day ceremonies, “Fill a Cruiser” holiday events, and in local communities where they provide education on crime prevention and safety. Their ongoing commitment strengthens our relationships with residents, enhances public safety awareness, and reinforces our detachment’s connection to the community. We are grateful for their continued dedication and engagement, which significantly contributes to the overall well-being and safety of Haliburton County.

Other Community Updates

In response to community requests, the Haliburton Highlands Detachment led several crime prevention initiatives throughout the reporting period, with a particular focus on fraud prevention and safeguarding residences. Working collaboratively with community partners, the detachment increased public awareness and education regarding emerging crime trends within the county and those observed in neighbouring jurisdictions.

Educational efforts included a variety of presentations, such as Mental Health Crisis Response Team (MCRT) sessions, fraud prevention seminars, elder abuse awareness training, and “Lock It or Lose It” initiatives. Members also delivered presentations at the Take Back the Night events hosted by the YWCA in both 2024 and 2025, participating alongside local service providers to promote safety, awareness, and support for victims of gender-based violence. Additional community presentations, service-provider engagement events, and town hall meetings further supported ongoing outreach, transparency, and engagement.

The Haliburton Highlands Detachment remained committed to building strong relationships with diverse groups and organizations to enhance community safety and well-being. Members continued to actively participate in the Community Safety and Well-Being Committee, recognizing the importance of a collaborative, multi-sector approach to addressing complex social issues such as mental health, substance use, victimization, and crime prevention. Participation in this committee ensures police perspectives are integrated into broader community planning while strengthening partnerships with municipalities, health services, social supports, and community agencies to achieve shared outcomes.

Annual participation and engagement included Pride in the Highlands (formerly Minden Pride), Remembrance Day ceremonies with the Royal Canadian Legion Branch, local food drives, Santa Claus parades, and school-based events such as the Grade 8 hockey game against police. Members also took part in First Responders Day, partnering alongside fire, paramedic, and emergency service partners to recognize collective efforts, strengthen inter-agency relationships, and promote coordinated service delivery. Numerous additional community activities and engagement opportunities were attended throughout the year.

Strengthening relationships with First Nation, Inuit, and Métis communities continues to be a priority for both the OPP and the Haliburton Highlands Detachment. In 2024, members attended the National Day for Truth and Reconciliation ceremony with the Municipality of Algonquin Highlands, as well as Indigenous Veterans Day on November 8th in partnership with Hiawatha First Nation.

To address the growing demand for mental health-related support, the detachment partnered with Haliburton Highlands Health Services to implement a coordinated response model for mental health calls. This integrated approach has resulted in fewer repeat occurrences, enhanced access to local resources, and a strengthened partnership with health service providers.

In 2025, the detachment played a key role in the community response to a significant ice storm, working extended hours alongside municipal partners, emergency services, and utility providers to ensure public

safety, conduct wellness checks, manage road closures, and support vulnerable residents during prolonged power outages. This response highlighted the importance of coordination, adaptability, and strong community partnerships during emergency events.

Additional engagement included hosting a charity golf tournament in honour of a fallen officer.

Between 2023 and 2025, the detachment welcomed 12 new recruits and introduced a new Detachment Commander in 2025, supporting continued stability, leadership, and effective service delivery within the community.

Calls for Service

Table 1.1

All CAD Events*	Immediate Police Response Required**
11,035	3,110

* This represents all Computer Aided Dispatch (CAD) event types created for each detachment area. Not all CAD events are dispatched to a frontline OPP detachment officer. Some events may have been actioned by another OPP member, diverted to another unit, or deemed a non-OPP event. This does not include officer or detachment generated events that have not been reported through the PCC, or any online reporting events.

** This represents the total number of CAD events prioritized for an immediate police response, indicating the potential for extreme danger, catastrophic circumstances, injury, the threat of injury, death, and/or crime in progress.

Policing Hours

The OPP has developed a Service Delivery Model (SDM) in response to several reviews and audit recommendations. The SDM is designed to:

- Promote officer wellness through balanced workloads
- Determine adequate staffing levels at each detachment
- Ensure the continued delivery of adequate and effective policing services in accordance with the *Community Safety and Policing Act (CSPA)*

To support SDM implementation, the OPP is undertaking a multi-year staffing strategy to address required increases in detachment personnel. This model supports the OPP’s ability to:

- Respond effectively to increasing calls for service
- Maintain safe communities through proactive patrols and community engagement
- Meet municipal expectations for police visibility

To monitor progress and guide detachment-level planning, the OPP has established time allocation targets for provincial constables (Figure 1). These targets reflect how time should ideally be distributed by the end of the SDM staffing strategy.

The targets are based on a provincial average, and variations are expected between detachments due to differences in geography, operational structure, recruitment and leave of absence rates.

Detachments may face challenges in achieving these targets, but progress is expected as scheduling, data quality and strategic deployment continue to improve.

Table 4.1 Service Delivery Activity Allocations

Source: Daily Activity Reporting (DAR) System

Date: January 12, 2026

Note: Activity allocation percentages are based on the total reported hours of detachment provincial constables performing duties within their home detachment location.

Table 4.2 Hours (Field Personnel)

Source: Daily Activity Reporting (DAR) System

Date: March 06, 2026

Note:

- Total reported hours, excluding paid duties.
- Includes Provincial Constable to Sergeant ranks only.
- Excludes First Nations badge numbers.
- Excludes administrative accounts and joint services accounts.
- Excludes incomplete DAR entries and those with errors.
- Excludes General Headquarters location codes.

CONTACT THE OPP

Know your location - be ready to describe the situation and your location. Look for addresses, landmarks and buildings that may help identify your location.

REACH THE OPP BY PHONE

- Call 9-1-1 if there is an immediate risk to someone's life or property
 - to stop or report a crime in progress
 - to report a fire
 - to report a life-threatening medical emergency
 - Don't hang up, stay on the line
- To report non-life-threatening incidents that require a police response, use the non-emergency line (1-888-310-1122) or go to opp.ca/reporting
- TTY 1-888-310-1133 or agent 511 for registered subscribers may be used for individuals in the Deaf, Hard of Hearing and Speech Impaired (DHHSI) community to contact police
- For all administrative inquiries or to schedule an appointment, find contact information for your local detachment at opp.ca/detachments

PROVIDE AN ANONYMOUS TIP

- Call Crime Stoppers at 1-800-222-8477 (TIPS) or visit www.crimestoppers.ca

REPORT AN INCIDENT ONLINE

- The OPP offers online reporting for minor, non-emergency occurrences in areas of OPP jurisdiction. opp.ca/reporting allows you to submit a report without visiting or calling.
- Use the online reporting tool for:
 - Theft Under \$5,000
 - Mischief / Damage to Property Under \$5,000
 - Mischief / Damage to Vehicle Under \$5,000
 - Theft from Vehicle Under \$5,000
 - Lost / Missing Property Under \$5,000, including a licence plate(s) or validation sticker(s)
 - Driving Complaints

If you are reporting an emergency, call 9-1-1.

#KNOWWHENTOCALL

9-1-1 is for emergencies only: If there is an immediate risk to someone's life or property.

- ✓ a crime in progress
- ✓ a fire
- ✓ a life-threatening medical emergency

Dialed 9-1-1 accidentally? #Be911Ready. Don't hang up, stay on the line and speak with an OPP Communicator to confirm there's no emergency.

The misuse of 911 ties up emergency lines, communicators and officers, which can result in a slower response to a real emergency and risks the safety of people who may need urgent help.

It is against the law to call 9-1-1 as a joke. Prank 9-1-1 calls can be dangerous and waste valuable emergency resources.
